

Under the Aquatic Resource Alteration  
**General Permit for Bank Stabilization**

Tennessee Department of Environment and Conservation  
Division of Water Resources  
William R. Snodgrass Tennessee Tower  
312 Rosa L. Parks Avenue, 11th Floor  
Nashville TN 37243

**ARAP - NR1302.069**

Under authority of the Tennessee Water Quality Control Act of 1977 (TWQCA, T.C.A. 69-3-101 et seq.) the Division of Water Resources has determined the activity described below would not violate applicable water quality standards.

This activity is governed by the *General Permit for Bank Stabilization* (effective July 1, 2010) issued pursuant to the TWQCA. The work must be accomplished in conformance with accepted plans, specifications, data and other information submitted in support of application NR1302.069 and the terms and conditions set forth in the above referenced general permit.

**PERMITTEE:** ANR Pipeline Company  
**AUTHORIZED WORK:** Approx 250 lf of bank stabilization  
**LOCATION:** Hwy 104 near Moores Chapel, Gibson County  
**WATERBODY NAME:** UNT to NFFD

**EFFECTIVE DATE:** 02-OCT-13

**EXPIRATION DATE:** 02-OCT-14

This does not preclude requirements of other federal, state or local laws. In particular, work shall not commence until the applicant has received the federal §404 permit from the U. S. Army Corps of Engineers, a §26a permit from the Tennessee Valley Authority or authorization under a Tennessee NPDES Storm Water Construction Permit where necessary. This permit may also serve as a federal §401 water quality certification (pursuant to 40 C.F.R. §121.2) since the planned activity was reviewed and the division has reasonable assurance that the activity will be conducted in a manner that will not violate applicable water quality standards (T.C.A. § 69-3-101 et seq. or of §§ 301, 302, 303, 306 or 307 of *The Clean Water Act*).

The state of Tennessee may modify, suspend or revoke this authorization or seek modification or revocation should the state determine that the activity results in more than an insignificant violation of applicable water quality standards or violation of the TWQCA. Failure to comply with permit terms may result in penalty in accordance with T.C.A. §69-3-115.

Subject: **General Permit for Bank Stabilization**  
**Aquatic Resource Alteration Permit (ARAP) NR1302.069**  
**Moore's Chapel, Gibson County, Tennessee**

Dear Meier:

We have reviewed your application for the proposed bank stabilization project. Pursuant to the *Tennessee Water Quality Control Act of 1977* (T.C.A. § 69-3-101 et seq.) and supporting regulations the Division of Water Resources is required to determine whether the activity described in the attached notice of coverage will violate applicable water quality standards.

This activity is governed by the *General Permit for Bank Stabilization*. The work must be accomplished in conformance with accepted plans and information submitted in support of application NR1302.069 and the limitations and conditions set forth in the *General Permit for Bank Stabilization* (enclosed). It is the responsibility of the permittee to ensure that all contractors involved with this project have read and understand the permit conditions before the project begins.

**Please note that unnecessary vegetation removal is prohibited and stabilization activities are limited to the stream bank.** In addition, adequate erosion controls must be installed prior to construction and maintained during construction of the project. All disturbed areas must be revegetated or otherwise stabilized upon completion of construction. Please make the necessary provisions for these circumstances.

We appreciate your attention to the Aquatic Resource Alteration Permit program. If you have any questions, please contact Mr. Brian Whitaker at (731) 512-1318 or by e-mail at [Brian.Whitaker@tn.gov](mailto:Brian.Whitaker@tn.gov).

Sincerely,

Conner Franklin  
Environmental Program Manager
